

Bibliography for Food Recovery Study

February 7, 2001

- “A Citizen's Guide To Food Recovery”, US Department of Agriculture, On the Internet at <http://www.usda.gov/news/pubs/gleaning/content.htm>
- “A Survey of Commercial Food Waste Recovery Programs”, Larry Sasser, et. al., Resource Recycling, June 1999, pages 9-12
- “An Incredible Waste of Edible Food”, BioCycle, August 1997, page 6
- “Athens, Georgia. Pilot-Scale Composting of University Food Residuals”, BioCycle, June 2000, pages 24-25
- “Austin, Texas. Grocery Store Recovers Organics, Sells Them as Compost”, BioCycle, June 2000, page 20
- “Beardstown, Illinois. Meat Processing Plant Initiates Composting”, BioCycle, December 2000, page 18
- “BioCycle Conference Focuses on the “Biggest Recycling Target” “, BioCycle, July 2000, page 6
- “BioCycle Survey. Food Residuals Composting in the U.S.”, Jim Glenn and Nora Goldstein, BioCycle, August 1999, pages 30-36
- “Birds and Business Journal Give Big Boost to Recycling Food Residuals”, BioCycle, October 2000, page 17
- “Bronx, New York. Trial Tests Dewatering Food Residuals”. BioCycle, June 1999, page 18
- “Business Food Waste Briefing Paper: Options for Grocers, Restaurants and Food Processors”, WasteCap Wisconsin, c. 2000, 12 pages
- “Caledonia, New York. Turning Food Processing Residuals into Animal Feed”, BioCycle, November 2000, page 19
- “Charlotte, North Carolina. University Advances Recycling Goal with Food Residuals Composting”. BioCycle, February 2000, pages 22-23
- “Collection, Transport and Processing. Moving Food Residuals from Businesses to Regional Compost Facility”, BioCycle, November 2000, pages 49-50
- “Commercial and Institutional Organics. Measuring Generation of Food Residuals. Part 1”, Christine Luboff and Karen May, BioCycle, July 1995, pages 68
- “Commercial Food Waste From Restaurants and Grocery Stores”, Ty Newell, et. al., Resource Recycling, February 1993, pages 56-60
- “Commercial Organics Recycling: The Generators’ View”, BioCycle, September 1999, page 30
- “Composting Begins at Home”, George Dreckmann, Resource Recycling, October 1994, pages 32-36.
- “Composting Liquid Food Residuals”, Brian Barrett, BioCycle, June 1999, pages 58-60
- “Composting Opportunities Improve Food Waste Management”, Elizabeth Cotsworth, Resource Recycling, November 2000, pages 23-26
- “Courtice, Ontario. Residential Pilot Project for Food Residuals”, BioCycle, September 2000, page 19

“Degrees of Separation. Testing Options for Commercial Food Residuals Diversion”, David Krueger, BioCycle, June 2000, pages 43-49

“Diversion Education. School District Supplies Organics To Commercial Composter”, Dave Block, BioCycle, August 2000, pages 57-58

“Don't Throw Away That Food. Strategies for Record-Setting Waste Reduction”, US EPA, September 1998. Includes nine case studies. Also on the Internet at <http://www.epa.gov/epaoswer/non-hw/reduce/food/food.htm>.

“Economic Analysis. Feasibility of Large-Scale Organics Diversion. Part III”, Larry Sasser, BioCycle, October 1995, pages 68-71

“Eddyville, Iowa. Compost Facility Targets Food Processing Feedstocks”, BioCycle, September 1999, page 19

“Educational Enthusiasm. School Models Composting for the Community”, Bunny Goodwin, BioCycle, December 2000, pages 38-40

“Estimating and Addressing America's Food Losses”, Economic Research Service, US Department of Agriculture, July 1997, 11 pages. On Internet at <http://www.ers.usda.gov/epubs/pdf/foodrevw/preprint/>

Externalities from Landfill and Incineration, CSERGE Warren Spring Laboratory and EFTEC, London, England, December 1993, 168 pages

Externalities in Solid Waste Management: Values, Instruments and Control, Inger E. Brisson, Samfund, Økonomi & Miljø, Copenhagen, Denmark, April 1997, 381 pages

“Facility Evolution. Yard Trimmings Composter Moves Into Food”, BioCycle, May 1999, pages 70-72

“Farm Processors. Market-based Infrastructure for Composting Commercial Organics”, John Majercak, BioCycle, September 2000, pages 62-66.

Farmsite Composting of Grocery Store Waste, Robert Butler, UW-River Falls, UW-Systems Solid Waste Recovery Research Program, Report 133-1195-13, July 1997, 89 pages.

“Flagstaff, Arizona. University Begins Composting Dining Hall Residuals”, BioCycle, March 2000, page 20

“Food Losses Occur Throughout the Food System”, Economic Research Service, US Department of Agriculture, 1997, 11 pages

“Food Waste Diversion At Correctional Facilities Food Rescue & Recovery”, Kim Fenton, May 14, 1999 On the Internet at <http://www.p2pays.org/ref/02/01657.htm/index.htm>

Food Waste Segregation and Collection: A Pilot Study in Crawford County, Illinois, Crawford Solid Waste Disposal Agency and Patrick Engineering, February 1994, 45 pages

“Forbudt å kaste mat på dynga” [Prohibited to throw food into the landfill], Aftenposten, Oslo, Norway, May 23, 1997

“From Start-up to Closure. Life and Times of an Organics Recycling Company”, Matt Lynn, BioCycle, November 1999, pages 34-39

“Getting Commercial Businesses to Recycle Food Residuals”, BioCycle, September 2000, page 6

“Gilroy, California. Compost Site Expanding into Food Residuals”, BioCycle, June 1999, page 18

Greenhouse Gas Emissions from Management of Selected Materials in Municipal Solid Waste. Final Report, US EPA, Report EPA530-R-98-013, September 1998, 144 pages

“Growing with the Flow. Flexible Processor Simplifies Commercial Organics Diversion”, BioCycle, August 2000, pages 59-61

“Guide for Leftover Food Donation”, BioCycle, April 2000, page 10

“Home Composting Survey. Residential Organics Management Study”, Ann McGovern, BioCycle, September 2000, pages 38-41

“Implementing a Project. Composting Food Residuals on Campus”, Judy Purman, BioCycle, July 1999, pages 38-40

“Implementing Research. Georgia Takes Many Routes to Recycle Food Residues”, Britt Faucette, BioCycle, September 2000, pages 67-68

“In Search of Alternatives. Meat Processing By-Products Management Trends. Part 1”, Thomas F. Seaman, BioCycle, January 2001, pages 62-63.

“Ithaca, New York. College Composts Food Residuals in Aerated Static Piles”, BioCycle, November 2000, pages 22-23

“Kassert butikkmatt blir dyrefor” [Discarded grocery store food becomes animal feed], Aftenposten, Oslo, Norway, January 11, 1998

“Korea. Biogasification of Food Residuals”, BioCycle, August 2000, pages 82-86

“Lowell, Massachusetts. Projects will Process Restaurant Food Residuals”, BioCycle, December 2000, page 20-21

“Man Får med Speiseöl”, in Wir Bekennen uns zur Umwelt (Driving with Cooking Oil. We Profess to the Environment), McDonald's, Vienna, Austria, 1998, pages 8-9

Management and Composition of Leachate from Landfills, Water Quality Institute and Carl Bro Environment a/s, et. al., Commission of the European Communities, DGXI A.4, contract B4-3040/013665/92, 1994, c. 160 pages

“Managing Feedstock Ratios. University Tests In-Vessel Composting of Food Residuals”, Britt Faucette, et. al., BioCycle, January 2001, pages 68-70

“Measuring Market Organics Volumes”, BioCycle, April 1999, page 59

“Melbourne, Australia. In-Vessel Unit will Compost Food Residues”, Craig Hudson, BioCycle, June 2000, page 80

Miljøkostnader Knyttet Til Ulike Typer Avfall [Environmental Costs Associated with Various Waste Types]’ ECON, Oslo, Norway, December 1995, 121 pages

Miljøkostnader ved avfallsbehandling [Environmental Costs of Solid Waste Management], ECON, Oslo, Norway, December 2000, 111 pages
